ABSTRACT

Longitudinal data are presented relating to Bakersfield College (BC) students who transferred to public four-year colleges and universities. Highlighted findings include the following: (1) first-time transfers from BC to the California State University and College (CSUC) system increased by 5.7% from fall 1984 to fall 1985, continuing a gradual increase apparent since 1982; (2) first-time transfers to the University of California (UC) system increased from 25 to 27 from fall 1984 to fall 1985, having remained at less than 30 since 1981; (3) the percentage of BC women students to transfer to the CSUC system increased between 1984 and 1985; (4) in terms of the ethnic distribution of first-time BC freshmen 19 and under, proportionally more White and Asian students and fewer Filipino, American Indian, Black, and Hispanic students transferred; (5) the two most popular majors of CSUC transfers were Business and Agriculture; (6) of the 305 transfers who entered the CSUC system as regular admit students in fall 1984, 70.8% returned in fall 1985; and (7) for the past 4 years, the cumulative grade point average for students transferring to CSUC has been 2.6725 as compared to 2.6475 for native students. Fifteen data tables, detailing trends in enrollment, achievement, and majors, are attached. (EJV)

Bakersfield College founded 1913

TO: Administrative Council, Counselors, Department Chairs, Transfer Center Director
FROM: Dave Scott DGL
DATE: August 4, 1986
SUBJECT: Transfer Study Data

Attached are data relating to Bakersfield College students who have transferred to public four-year colleges and universities in California. The data analysis is primarily based on records from Cal-State Bakersfield, Cal-State Fresno, Cal Poly San Luis Obispo, the annual transfer study issued by the California Postsecondary Education Commission (CPEC), and information from the University of California (UC) System--Bakersfield College entrants in Fall 1984 (UC information is always a year old). A summary of these data appeared in the Spring 1986 R&D Newsletter.

Analysis of the 15 tables indicates the following:

1) First-time transfers from Bakersfield College to the California State University and College (CSUC) system increased from Fall 1984 to Fall 1985 from 370 to 391, by 21 or 5.7%. These numbers have been gradually increasing since 1982. However, the 391 total is still below the 1971-1980 decade when first-time transfers were between 462 and 641.

2) First-time transfers to the University of California's eight campuses increased from 25 to 27 from Fall 1984 to Fall 1985. Total UC transfers have remained less than 30 since 1981.

3) Total numbers of Bakersfield College transfer students attending state colleges increased, but as was the case last year, the increase was primarily due to the increase in numbers to go to Cal-State Bakersfield (CSB). CSB transfers increased by 50 from 764 to 814 (6.5%); this total number was the highest since 1975.

   Fresno transfers decreased from 168 to 128 or by 40 (23.8%). The 128 figure is the lowest number of Bakersfield College transfers attending Fresno since the 1972 inception of the Transfer Study.

   San Luis Obispo transfers increased from 100 to 119 (19.0%).

   These three state colleges represent about 75% of Bakersfield College student transfers to California public four-year colleges.

4) Total number of new entrants to Cal-State Bakersfield by former Bakersfield College students in the Fall of 1985 was 238, the highest since 1980. The new entrant figure to Fresno was 30, also the lowest since the inception of this study.

5) The percentage of BC women students to transfer to state colleges and universities increased from 1984 to 1985. The percentage of women students have been:

1801 Panorama Drive, Bakersfield, CA 93305 • tel:(805) 395-4011 • Kern Community College District

	1973	1980	1981	1982	1983	1984	1985
Cal-State Bakersfield	38.6	52.3	54.4	57.3	61.1	61.3	63.0
Cal-State Fresno	27.7	40.0	37.7	37.7	36.2	36.9	39.9
Cal Poly SLO	22.6	24.8	32.1	36.7	38.3	36.0	38.7

6) In proportion, the ethnic distribution of first-time Bakersfield College freshmen 19 and under (the mark used by CPEC to indicate traditional transfer potential students), more White and Asian students and fewer Filipino, American Indian, Black, and Hispanic students transferred.

7) The two most popular majors of BC students at state colleges and universities are Business and Agriculture. At Cal-State Bakersfield the three top majors are Business 29.6%, Undeclared 15.9%, and Liberal Studies 14.4%. At Cal-State Fresno top majors are Agriculture 25.8% and Business 18.0%. San Luis Obispo top majors are Agriculture 39.5%, Engineering 19.3%, and Architecture 10.9%.

8) It is instructive to examine changes in majors at the three colleges over the last 11 years:

	1972-73	1985-86
Cal-State Bakersfield		
Business	136	241
Undeclared	66	129
Liberal Studies	0	117
Nursing	29	52
Psychology	58	37
Biology	28	20
English	62	18
Fine Arts	35	15
History	97	15
Sociology	136	13
Cal-State Fresno		
Agriculture	7	33
Business	25	23
Industrial Arts	25	10
Criminal Justice	28	7
Cal Poly San Luis Obispo		
Agriculture	63	47
Engineering	25	23
Architecture	19	13
Physical Education	5	4

9) Academic performance at Cal-State Bakersfield for Fall 1985 was high. G.P.A.'s of 4.0 were 6.4%, G.P.A.'s of 3.0-3.9 were 33.9%. Since 1974 the number to receive 3.0 to 4.0 has remained at approximately 40-43%.

10) 40.6% of BC students at Cal-State Fresno made 3.0 to 4.0 G.P.A.'s for the fall term, an increase over last years 36.4%.

11) Cumulative G.P.A.'s at San Luis Obispo indicated 18.0% at 3.0 to 4.0.

12) Of the 305 transfers who entered the CSUC system as regular admit students from Bakersfield College in Fall 1984, 216 or 70.8% returned in the Fall of 1985; this is slightly below the 73.1% return rate for all community college transfers. During the 1984-85 year those regularly admitted Bakersfield College transfers earned a 2.69 cumulative G.P.A. as compared to 2.64 for native students. For the last four years that CSUC has done this study, cumulative G.P.A. for Bakersfield College students has been 2.6725 as compared to 2.6475 for native students, a difference of 0.025 grade points.

13) The 25 Bakersfield College students who entered the UC System as first-time transfers in Fall of 1984 earned a 2.858 G.P.A. for the year as compared to 2.775 for all community college transfers. Of the 25, 24 (96%) completed their work through Spring term as compared to 89.4% for all transfers.

Department chairs are urged to check with my office and the counselors for additional transfer information regarding graduates from their departments.

Tables attached are:

Table 1: Total Bakersfield College Students Attending State Colleges and Universities - Fall 1973-1985.

Table 2: Flow of Transfer Students from Bakersfield College to the University of California and California State University.

Ethnic Distribution (%) of Bakersfield College Students to Transfer to CSUC System.

Table 3: BC New Entrants to CSUC Colleges and Universities in Selected Fall Semesters.

Table 4: Number of Community College Transfers to each California State University Campus, Fall 1979-1985.

Table 5: Performance Analysis of Bakersfield College 1984 Students to Enroll in Fall 1985 (Regular Admission).

Table 6: Academic Performance of Bakersfield College Students at Cal-State Bakersfield - Fall Quarters 1972-1985.

Table 7: Changes of Major of Bakersfield College Students to Transfer to Cal-State Bakersfield - Fall Quarters 1984, 1985.

Table 8: Top Majors at Cal-State Bakersfield Since Fall 1972.

COLUMN DEFINITIONS

for the

COMMUNITY COLLEGE SUMMARY REPORTS

- Total Entrants - The total number of entering transfer students from your community college who registered in the fall quarter, 1984.

- Special Action - Students admitted in exception to the regular admission requirements.

- Subject A Not Met - The percentage of students who, at the time of registration, had not met the Subject A requirement.

- GPA Differential - The difference between the entering community college GPA and the UC GPA.

- Courses Completed for Letter Grades - The average number of units completed and the percent of students whose UC GPA is below "C"; whose UC GPA is "B" or above. Undergraduate students are subject to academic probation if, at the end of any term, either their GPA for that term or their cumulative GPA, is less than 2.0 ("C").

ERIC Clearinghouse for Junior Colleges SEP 19 1986
